

SANTA CRUZ SHAKESPEARE EDUCATION PROGRAM

JULIUS CAESAR

In this play, Shakespeare writes about leadership, friendship, morality, and how far one might go when one's political ideology is at odds with the rule of law. Below you will find resources to help teach this play to your students.

Discussion Questions

Some of the best materials for teaching Shakespeare to your students come directly from your fellow educators in the classroom. Patti McWhorter, a now retired teacher from Georgia, developed an extensive list of questions for students to answer and discuss while reading *Julius Caesar*. McWhorter also developed a list of follow-up discussion questions for after reading the play. These questions were based off of the Signet Classic Edition of *Julius Caesar*. Click on the links below to view a teacher's guide on analyzing this play.

Blood On Stage

The following activities were created by the Education and Research Department of the American Shakespeare Center. These activities will be exceptionally engaging for those students who are interested in stage makeup and special effects. Learn how to make stage blood using common household ingredients and test it out while reciting a scene!
